

Accessing HealthyBlue Rewards

Once you login to your [BCBS online member portal](#), click on "HealthyBlue Home" on the right side of the screen.

This will take you to your HealthyBlue/WebMD Health Dashboard. (There's an app for it too: <https://www.bcbsnd.com/members/health-well-being/well-being-programs-tools/healthyblue/stay-motivated-and-engaged>)

- Click on "View Details" under Rewards.
- Click "View Details" again under 2024 HealthyBlue Rewards
- This will show all rewards available to start earning.
- Click "Keep Earning" on any of the awards & scroll down to the last section "Health Club Credit Program". This is where you'll redeem the points once earned for the Health Club Credit.
- There's a website listed there that you have to visit first to verify your health club is a participant & then enroll through that site for credit eligibility. NIHCARewards.org is the website.
- Once enrolled, you should be able to view redeemable points!

There are additional monthly health challenges & resources you can view & complete to earn additional points toward Visa gift cards!
